

## Kamal J. Agostine

AGOSTINE & RAPHAEL GROUP

50 years of architectural and engineering experience creativity, innovation, and a set of core values in safety and client commitment, have lead us to where we are today, an internationally acclaimed consultancy group that is going to be arround to design the rest of the 21 st century. Experience has taught us that client satisfaction is key to the success of any project. So in order to ensure a positive and dynamic workflow atmosphere from the get go, our dedicated team of highly seasoned professionals see to each of our clients' concerns through transparent relationships built on honest dialogue. We know how much is riding on each of our high stake projects and no matter how big, we guarantee nothing short of Delivering excellence
